VET-LOAN PLAN

Bank of America created Vet-loan Plan to offer veterans a practical method of acquiring a home, a farm or a business. The plan not only includes help in applying for "G.I. Credit" under the Servicemen's Readjustment Act of 1944, but in addition offers the full credit facilities of this state-wide bank.

Explaining the plan in detail are three fact-filled booklets—get one or all of them for your serviceman. And tell him that Vet-loan Plan applications can be made immediately after his discharge from the service.

Cow Wrecks And Eats Up Valued Garden

After working four months on a Victory garden, one Neeve ave. resident Sunday morning looked out on a scene of devastation where a cow had eaten what was described as "four rows of the finest and tallest corn in the country" and a lot of lettuce, chard, kale, endive and other garden products.

The victim was Edsel Newton of 24417 Neeve ave. Up the street, the cow had dragged her chain into the flower garden of Mr. and Mrs. Paul Harrison, had nibbled at the garden on the property of B. R. Connor and was found consuming hay at the George Thatcher ranch. The owner took it home.

Three Co. H Members Win Promotions

Three members of Co. H, 2nd Battalion, 39th Regiment, have been promoted in grade, according to word from the Adjutant General's office, Sacramento.

They are Corporals William A. Peterson and Don Vorhis, raised from grade of private, first class, and T/5 L. V. Foster, formerly holding grade of private. The company, commanded by Capt. R. L. Lewellen, recently was judged the best trained in the battalion, following maneuvers and competition at Shell park, in Brea canyon.

Mayors Plead for Pay Equality

Southern Californians are sick and tired of the pay differences between ship repair workers in this area and San Francisco, and demand that something be done about it.

This was the declaration by Los Angeles Mayor Fletcher Bowron at a rally last night in the Wilmington Bowl when 1500 members of the CIO industrial union of marine and shipbuilding workers demanded that the War Labor Board reconsider rulings against higher wages.

"It costs just as much to live here as in San Francisco," Mayor Bowron said.

Dr. Proctor Passes in L. A. Hospital

Dr. Minnie M. S. Proctor, 64, died Wednesday evening, June 13, at a Los Angeles hospital following several months' illness. Funeral services were conducted Saturday afternoon at Pierce Brothers, Los Angeles Chapel, followed by cremation.

Dr. Proctor, who had the distinction of being the first woman graduate from University of Southern California Dental College, specialized in children's dentistry and maintained an office in Los Angeles for more than 40 years. Coming to Los Angeles from Denver, Colo., at the age of two she was educated in Los Angeles schools.

Always interested in children, and noted for her annual children's parties, she had much to do with the organization of the Los Angeles City dispensary. As the wife of the first mayor of Torrance, George A. Proctor, she was intensely interested in the development of Torrance and took an active interest in all civic enterprises. With other members of her family she gave much encouragement to the establishment of the First Church of Christ, Scientist, here. She was also active in club work and was a member of the University Women's Club, past president of the Women's Professional Club and the Soroptomist Club.

Following her husband's death in 1928 she moved to Los Angeles where she lived at 486 Westminister ave. She is survived by her brother, Frank H. Steinhilber, 1329 Arlington ave., and a sister, Mrs. Inez Risley.

**YOU'LL BE
SURPRISED!**

America's largest sky weapon is the B-29 Superfortress. With its elaborate communications system requiring the largest communications personnel of any combat plane, it is practically a flying radio laboratory.

This and other war communications equipment is being made in factories that in peacetime supply civilian telephone needs. That is why there is a shortage and why many people are now waiting for home telephone service.

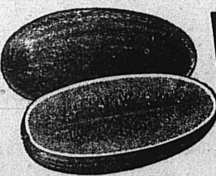

If you are among those who are waiting, we want you to know that your patient understanding is a big help. And we will do everything we can to shorten the delay.

Big New Production Program for the Navy!

Regardless of what you hear and read about cutbacks in certain types of aircraft, it has no bearing here at Douglas El Segundo. We're building a sensational new combat plane for the Navy... which is needed not only NOW to fight the Japs, but after the war. So we need hundreds of additional production workers immediately—whether skilled or unskilled. If inexperienced, we train you. If experienced we need you all the more. Come and help your Navy... and do your part to help those men and women who are fighting out in the Pacific. El Segundo Douglas is an especially fine place to work with many advantages. See us today or tomorrow.

WE NEED
GENERAL ASSEMBLERS
SHEET METAL WORKERS
JIG BUILDERS—RIVETERS
TOOL AND DIE MAKERS
FORM BLOCK MAKERS
MACHINE OPERATORS
(Such as Turret Lathe, Engine Lathe, Profiling Machines)
and many other types
of workers
